LRB 1036/1 AND LRB 2031/1 BUSINESS SIGNAGE ON SNOWMOBILE TRAILS

1 message

Stormy Hovey <stormyh@awsc.org>

Mon, Feb 13, 2023 at 10:00 AM

THIS EMAIL IS BEING SENT TO ALL DIRECTORS / REPS / PAST PRESIDENT AND EXECUTIVE BOARD MEMBERS

FROM: SAM LANDES AND DAVE NEWMAN

To All AWSC Directors and Reps:

AWSC supports new legislation authored by Senator Mary Folzkowski, and Representatives Chanz Green and Rob Sweuringen. Please contact your legislators and ask them to sign on to LRB 1036/1 and LRB 2031/1- relating to signs along snowmobile traits that advertise nearby businesses.

If you need the contact information for your state Senator and Assembly Representative, enter your address at the link found here and scroll down to the "Who are my Legislators" lab.

You can tell your legislators the following when you contact them:

- Our clubs and county alliances support LRB 1036/1 and LRB 2031/1 authored by Sens, Folzkowski and Reps.
 Green and Swearinger relating to signs along snowmobile trails that advertise nearby businesses.
- The bills will require the DNR to enter into agreements with interested snowmobile dubs to advertise businesses
 that offer fuel, food, vehicle servicing, and lodging at snowmobile trail intersections that are under the DNR's
 jurisdiction.
- Those signs are important for public safety and for wayfinding when riding on snowmobile trails.
- We ask that you please sign on to these bills.

Please make it a priority to communicate with your clubs to contact your legislators to sign on to this bill. The more legislators that sign on initially, the better the chance it passes!

Thanks to all!

Sam Landes, Legislative Committee Chair.

Davo Newman, AWSC President

Stormy Hovey AWSC Business/Office Manager 529 Treil Side Dr., Stc 200 DeForest, WI 53532

Phone: 608-846-5530

Email: stormyh@awsc.org www.awsc.org

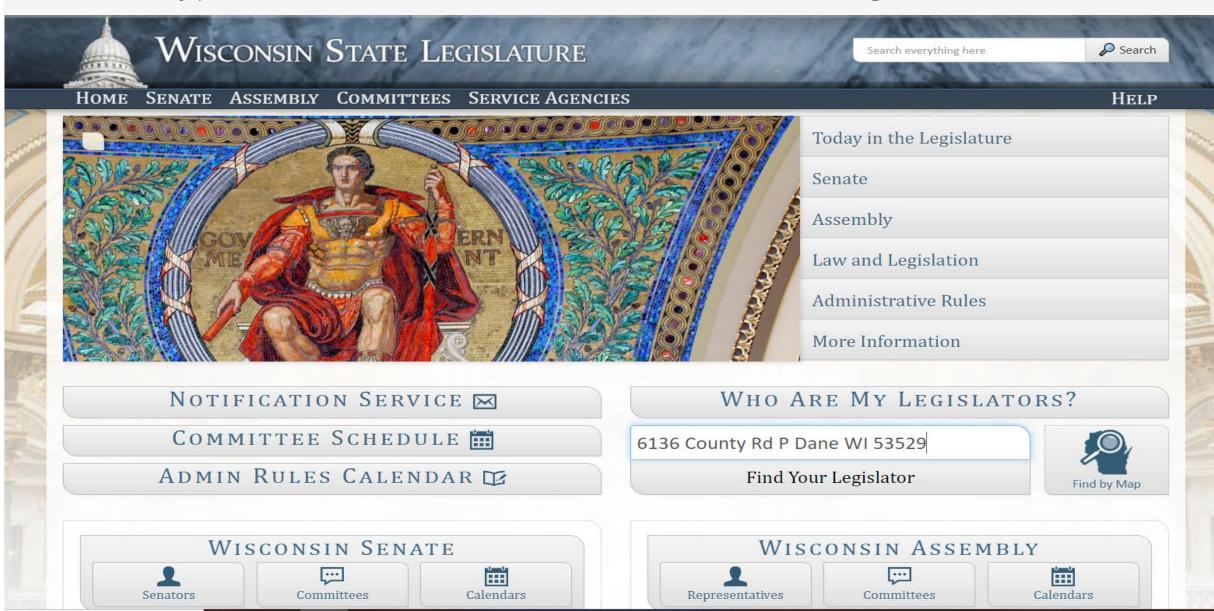

Business Hours -

Monday Thursday - 8:00 am - 4:30pm

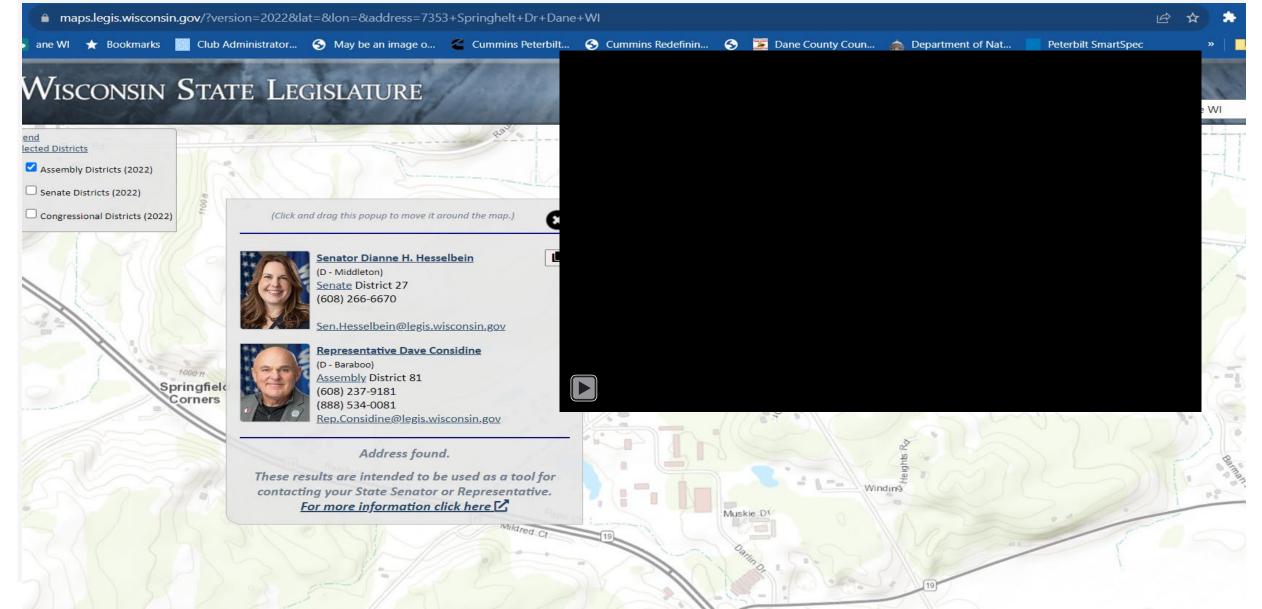

"Who are my Legislators"

Type in Your Address.... Click on "Find Your Legislator"

Your Specific Senator and Assembly Rep will show up on your screen. You then click on the email address and that will take you to an email to type your note.

.... Send them a short note explaining that we ask for their support for SB105, With a brief explanation why we want them to do so!

SB105 Business Signs on Snowmobile Trails

Sen. Hesselbein

SB105 Business Signs on Snowmobile Trails

Senator Hesselbein:

Our clubs and county alliances support SB105 relating to signs along snowmobile trails that advertise nearby businesses. This bill would allow local snowmobile clubs to advertise businesses that offer fuel, food, vehicle servicing, and lodging at snowmobile trail intersections that are under the DNR's jurisdiction. From the beginning of the sport, these businesses are located on our snowmobile trail maps. This signage can be critical locators for those who are not from the area, when you are riding when it is dark, or you just plain need the services listed above.

We ask that you please sign on and support SB105.

Thanks so much for your consideration!

Sam Landes

To: Jeff Statz <jgstatz@tds.net>

Subject: RE: Snowmobiling Trail aids program

Dear Jeff,

Thank you for contacting me with your support LRB 2158, which would modify the administrative rules related to supplemental aid for snowmobile trail maintenance. I always appreciate hearing from my constituents on the issues that matter most to them.

As you may know, counties can apply for the Department of Natural Resources' (DNR) supplemental snowmobile maintenance payments to help offset some of the costs for maintaining snowmobile trails. Currently, counties may receive only up to three times the per mile maximum for each mile of eligible trail. This bill would change that maximum to five times the per mile maximum. At this time, the cosponsorship period for this bill has closed and it is expected to be introduced soon. As a member of both the Sporting Heritage and Natural Resources Committees, I will be following it closely and will keep your support in mind should it come before me for a vote.

Again, thank you for taking the time to write. As always, please feel free to contact me if you have any questions on this or any other legislative issue.

Sincerely, Dianne Hesselbein State Senator 27th Senate District

Here is how you can sign up for Legislative Notifications on the Wisconsin Legislative Home Page.

PROPERTY PLANNING

WISCONSIN STATE PARK SYSTEM

A property plan, also called a master plan, for a DNR property establishes the level and types of public uses and the authorized resource management and facility development that may take place. Property plans are developed according to guidelines set forth in Chapter NR 44 of Wisconsin Administrative Code. Planning for Wisconsin State Park System properties may be part of larger regional plans or be specific to a property.

• Property planning and plans in progress

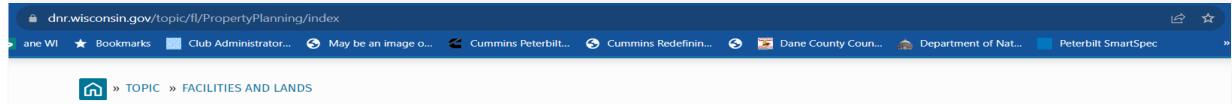

COMPLETED PLANS DATABASE

Search for a completed property master plan or other plan document (e.g., variance or amendment) with the DNR completed plans database. Plan amendments and variances are considered part of an approved plan. Users can search by property name, property type, county or plan approval year.

· Search for and view completed plans

Sam's 5 Easy Steps in Finding the WisDot's 6 Year Highway Projects in your county!

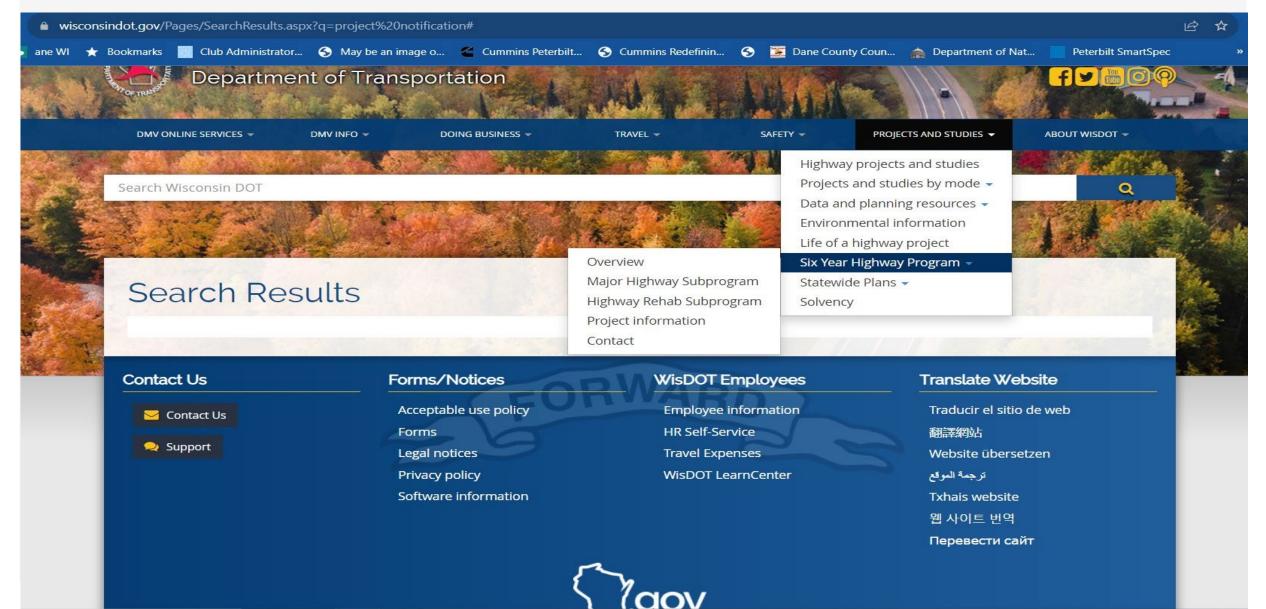

How to find the 6 year Wis Dot Highway Projects for your area

- 1. Go to the Wisconsin DOT Website. Click on "Projects and Studies" on the right side of the upper tool bar. Click on it and you will see the "6 Year Highway Program" in the drop down box.
- 2. Click on it and slide over to the "Project Information" tab in the slide box.
- 3. The The "6 Year Highway Program Project Information Page" will come up. If you look on the upper right, you will see the 5 Wis Dot's regions colored out.
- 4. Slide down on this page and click on the "Project Listing" in the rejoin you want to see
- 5. You can now see a listing of all of the specifc DOT projects in your county for the next 6 years.

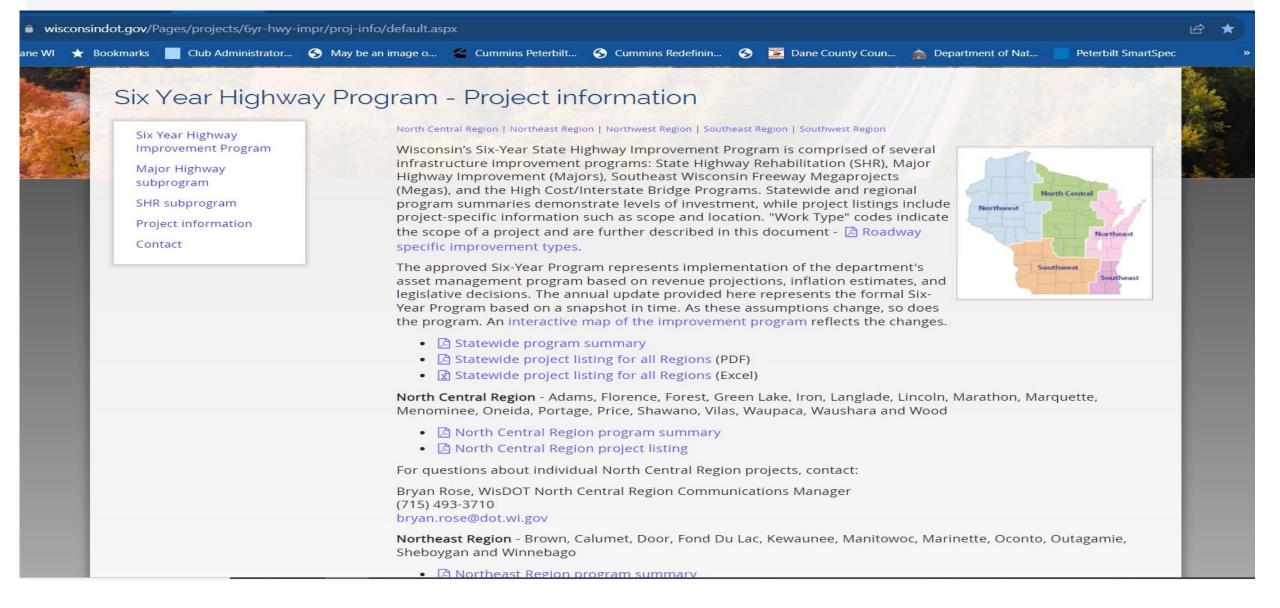

WisDot Home Page- "Projects and Studies

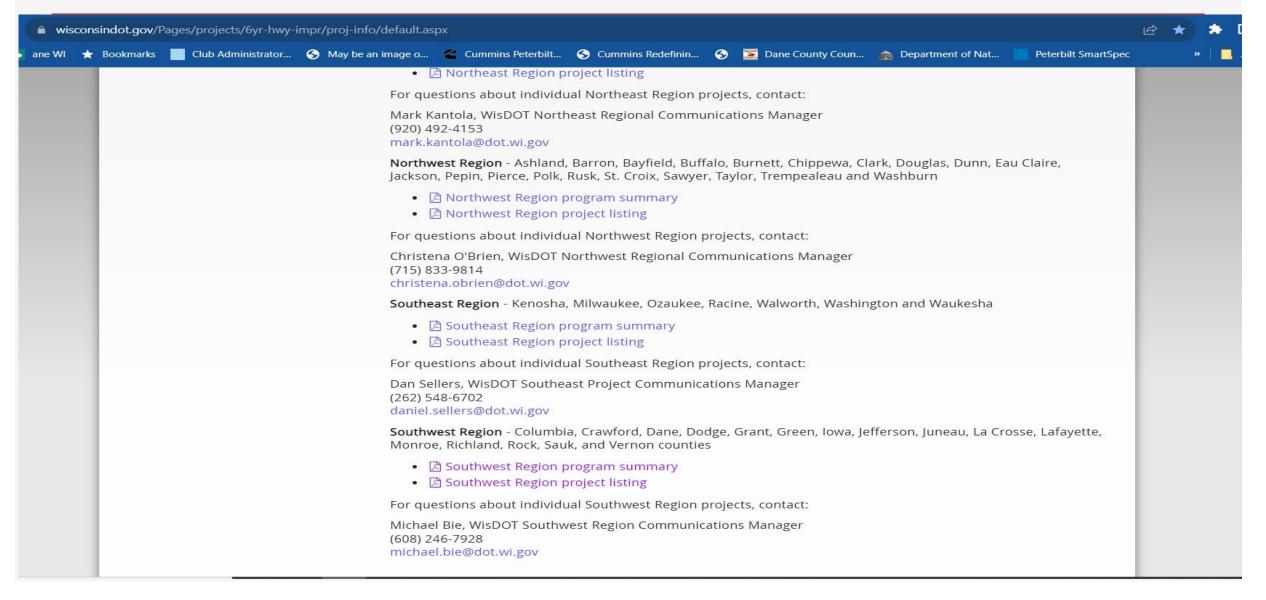

Click on the "Six Year Highway Program" and slide over and click on the "Project Information" tab on the left drop down box

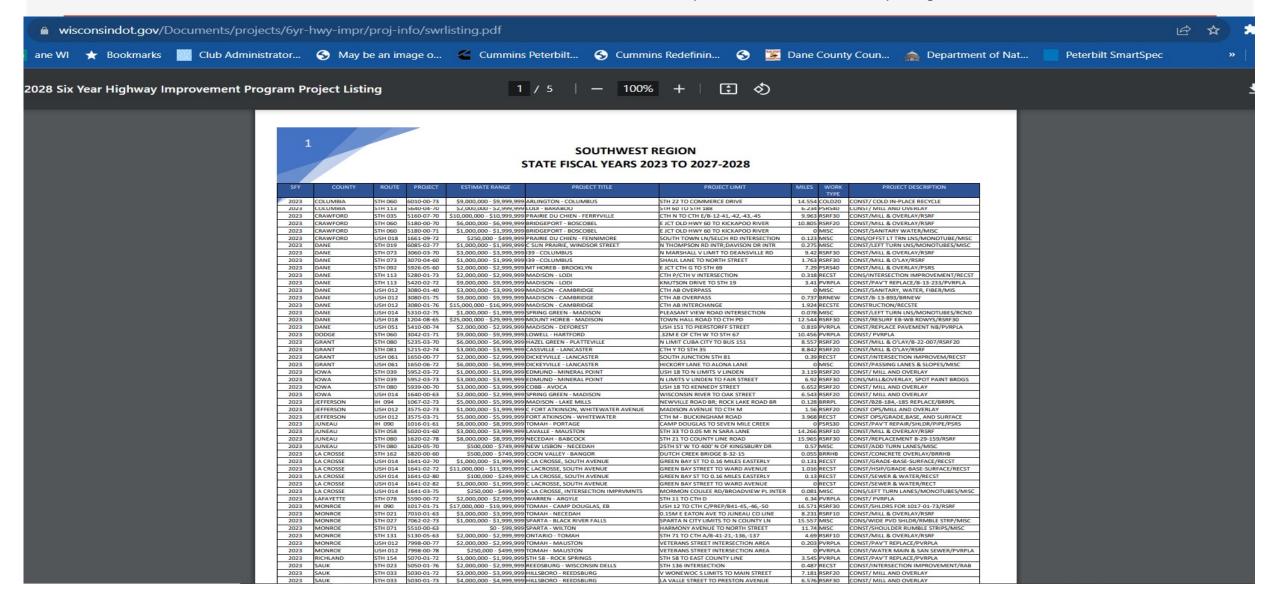

Pick the specific region you are in from the 6 color coded regions on the state map at the upper right of the page.

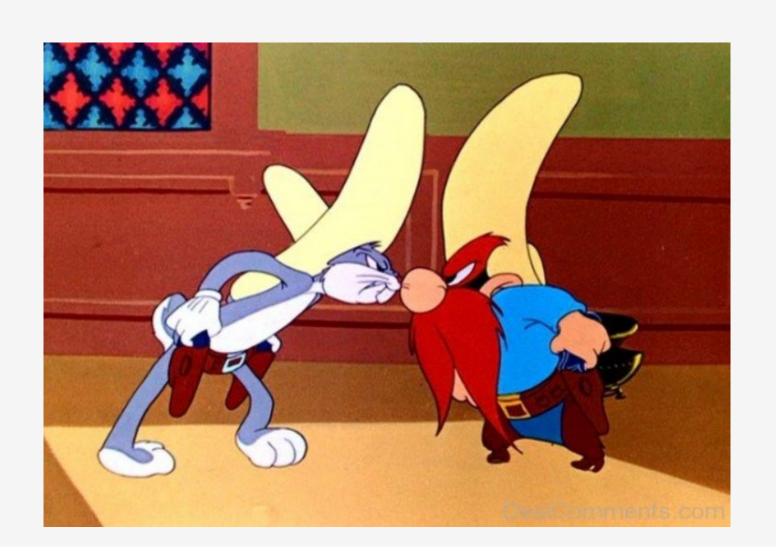

Scroll down on this page and click on the "Region Project Listing" for one of the 6 regions you picked off of the color-coded map.

This will list all of the major DOT Road Projects by each county. It will show the timeline and a basic description of each project.

"Now why in tarnation would you do all this looken up stuff?"

The Importance of regular visits to the DOT 6 Year Project Plan Page

- 1. First and foremost, so you can see the listing of all major DOT Projects in each county
- 2. They can change the project timeframe from year to year.
- 3. You can take the specific project- Google it- And get the details of the project that usually include derawings and project scope information
- 4. You can then get the actual DOT Project Planner's contact info so you can meet with them if need be.

Any Questions?
